

Empowering Women for the Future

Fourth Annual International Women's Day Event

Friday, March 8th 2019 12 Noon - 3:30 pm

The Federal Reserve Bank of SF, 101 Market Street, San Francisco

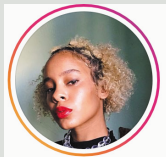

“*Empowering Women For The Future*” is a volunteer event celebrating International Women's Day, where professional women will spend an afternoon mentoring Bay Area high school girls from underserved communities.

The event kicks off with luncheon speakers **Ivellisse Morales, Shami Oshun** and **Bobbie Reyes** - all local NFTE alumnae who've successfully launched their own businesses.

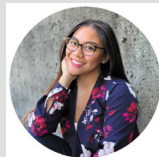

Following lunch, volunteers will be paired with students for mentoring in a structured format.

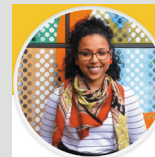

The event is supported by our allied organizations including 100 Women in Finance, CFA Society San Francisco's Women's Initiative Network, the Financial Planning Association and the Financial Women of San Francisco.
